

Data download/use agreement

The data have been collected and/or generated by various initiatives at ICIMOD. In collecting, acquiring, managing, and sharing data, ICIMOD respects and abides by the related international and national laws, third party intellectual property rights, confidentiality obligations, and contractual terms and conditions of use as imposed by the provider of the data.

To access and use this data, you must agree to the following general terms. For specific access, use, and distribution rights of the dataset, please refer to metadata details.

Terms and conditions:

- Users will cite and acknowledge ICIMOD when using the data.

Format for citation:

A. Published data

Author/Rights holder. (Year/Date). Title of data set (Version number/Edition) [Description of form]. Place of production: Name of Producer. Retrieved from URL

Example: ICIMOD. (2014) Glaciers of Nepal 1990. Kathmandu, Nepal: ICIMOD

B. Unpublished raw data from study, untitled work

Author. (Year/Date). [Description of study topic]. Unpublished raw data.

Example: Bajracharya, S. R. (2009) [Glacier inventory]. Unpublished raw data.

- ICIMOD does not guarantee the quality, accuracy or veracity of the data, and data are shared on an 'as is' basis. ICIMOD will not be responsible for errors or omissions in the data. (Reference: ICIMOD Data Policy). However, ICIMOD endeavors to ensure that only high-quality data are shared and disseminated through its institutional repository.
- ICIMOD shall not be obligated to notify the User of any updates, additions, or corrections to the data in the future.
- ICIMOD will not be held liable for the consequences arising out of improper or incorrect use of the data.
- No fee will be charged on redistribution of the data by the User.
- The permission to use the data shall not be considered the waiver of copyright or proprietary right of ICIMOD and other data owners, wherever applicable.
